

*KENDRIYA VIDYALAYA I.I.T.  
KANPUR*

*E-NEWS LETTER 2020-21*

---

# *PRINCIPAL'S MESSAGE*

*The aim of education is the development of hidden talent in students. Every child has specific talent. Showing their talent through the CMP Newsletter provides motivation and encouragement to the other students. The E-newsletter is an excellent medium to cater to the creative, verbal and artistic expression of students. It is an endeavor in this direction I congratulate the headmistress, contributors and teachers for bringing out this Newsletter for the first quarter 2020-21.*

*With best wishes*

*R.N.Wadalkar*

## **MESSAGE BY HEADMISTRESS**

*Primary Education is like a garden with children as flowers and the primary teachers as the gardeners who nourish them with ample of opportunities, experiences and helping hands to bloom them with different colors of creativeness, innovations and enthusiasm in their life. I congratulate the newsletter team that has made sincere effort towards publishing the Newsletter in present times. This shows that we don't have to wait for opportunities. But we have to create them.*

## **E- LEARNING DURING LOCKDOWN**

The teachers of Vidyalaya performed their duties irrespective of difficult circumstances due to pandemic. They pledged that teaching - learning process must go on. The bond between Guru and Shishya was made stronger using various E-learning platform. These platforms were used not only taking classes successfully but motivating students for various activities they can perform at home with family. Thus E- learning is giving strength to the three pillars (students, parents, teachers) today.
